To our valued members:

The board of directors and employees of Velocity Credit Union are pleased to report another year of upholding our commitment to the ideals of the credit union movement, while providing you, our members, a secure financial institution and local banking alternative.

Velocity Credit Union had another successful year and remains healthy and stable. As of December 2018, Velocity was very well-capitalized with a net worth of 13.76% — which is well above the industry standard. Total consolidated assets at year end were $840 million. Our return on assets was 1.27% above industry goal of 1%.

In 2018, the credit union began the process of selling some of our current downtown properties. Be assured, this does not mean that Velocity will be abandoning its downtown location — the credit union remains committed to maintaining an office at its current location for decades to come. However, to better leverage the value of our downtown real estate assets, and provide much needed room for our staff at the main office, Velocity is in the process of selling some of this property and has purchased a new headquarters in north Austin, with plenty of room for future growth. We will construct a brand new branch facility at our current downtown location. In this way, more of the assets of the credit union are put to work for the benefit of the membership and to provide room for growth for years to come.

Our membership reached more than 88,000 last year. We value each one of you — and we count on your participation as part of the cooperative that makes us who we are. We are proud to report that your credit union remains stable and strong. Velocity’s commitment is to provide you with the best banking experience possible, whether that’s through our personal service or more high-tech conveniences. We appreciate the faith you place in us to meet your financial needs and will continue to work hard to make Velocity Credit Union worthy of being your trusted financial partner for years to come.

Sincerely,

James Chapman
Debbie Mitchell
Chairman of the Board               President/CEO

Chairman and President’s Report

In 2018, the credit union granted more than 10,000 member loans. Loan advances totaled $265,151,218 and at year-end, net loans outstanding stood at $630,336,381. We remain fully committed to ensuring a fair-minded and unbiased lending process for all members of the credit union. Thank you for allowing the credit union to serve your lending needs.

Nominating Committee's Report

The bylaws of the credit union call for a nominating committee to be appointed by the board of directors each year for the purpose of interviewing candidates for election to the board of directors. The process included careful screening of all candidate qualifications. Based on the review process, which considers both qualifications and willingness to serve, the names below were placed in nomination for available positions on the board of directors. I wish to thank the other members of the nominating committee who contributed their time and talents in fulfilling the committee’s responsibility of offering qualified nominees to fill board positions. Other members of the nominating committee were Mary Paredes and Kasha Bartholomew.
