#COMMUNITY SPIRIT

Our focus is to help our community prosper. That's why collaborating with local non-profits through fun opportunities is our magic for success. A couple of #specialMENTIONS come to mind below!

United Way for Greater Austin – impacting the lives of Texans through resources

This summer, Velocity and United Way teamed up to provide 300 teacher appreciation kits to local public schools and organizations across Austin. The kits include reading books and tools to help teachers thrive! United Way for Greater Austin is known for its extensive pool of community resources meant to connect any Texan to the right resource.

Central Texas Food Bank – driving hunger relief across the Austin area

Our team can't get enough! We recently completed our annual donation campaign, which entailed a fun volunteer day at the food bank. (Just look at our smiles!) :-)

The campaign included a company-wide donation challenge with over 400 collected items. This year, **Velocity contributed over 15,000 meals and donated an additional \$1,500** with the support of our members.

CTFB partners with various corporations to not only target hunger relief but also educate everyone about healthy and vibrant living through food!
